## Summary

**Melta** approach in his book **Alarman** and the response to the whims and fads. I addressed in modern research the following points:-

### **First: the first chapter-**

1. About the author's life and upbringing in Gand scientific trips, and his teachers, and elders, and scientist praise him.
2. His works
3. The era in which the author lived at all levels, whether religious or political phase or stage cultural stage  
Social Ooualemrahlto the environment from the impact of education in starch and the formation of his character, and to identify trends in various fields.
4. I talked about the book in terms of the focus of research in relation to the book author, and in terms of the number of private book pages, and printed editions of the book, the book is concerned with the achievement.
5. sources relied upon the author in his speech about the difference.
6. Author of the owners of the Ancestors, God bless them attitude.

### **Second: Chapter II:-**

Events took place in the second quarter from the basic Islamic sects that are talked about in Melta

His book in terms of the following:-

1. Identification Division.  
Genesis of the band and the reasons that led to the emergence of this band.
2. . Statement on why they appear Is it religious or social reason or intellectual reason or political reason.
3. . One who adopted this idea for which the band emerged.
4. The views of this band in detail, and to respond to these views, and to require discount the argument, and the statement of corruption Mazhb him of subversive ideas is not Islam at all.
5. Statement sources of these ideas, and they are alien to the Islamic environment, and their owners have been affected by the ideas of other religions
6. It divided the team that are talked about by the author distributed in the book, and its importance has, which pantmethrough this space, which took the band from the pages of the book
7. I graduated conversations cited by the author as well as Elite Quranic, and the sayings of the Ancestors, and colleges fighter Bin Sulaiman then been stabbed Alcauthrawhospokewithhim

in the footnotes to the book and explained his position on the author, it is based on the evidence unknown source.

### **Third: Chapter III.**

I work in the third quarter balance between book author, and the owners of the other books that spoke in the same subject, in terms of Citation to talk of separation, they wrote five, and was in the way the budget through several points.

1. The definition of the author of the book.
2. The method of dividing the book.
3. The presentation of the book.
4. A comparison between the book author, and the other book

### **Fourth: Chapter IV**

Conclusion and where you mention the key points about the book, and the author, then finished Find a list of sources and references.
